

AMRITA KUMARI

Web Developer

✉ dev.amritasrc@gmail.com  LinkedIn  GitHub  Website  Ranchi, India

PROFESSIONAL SUMMARY

Frontend-focused web developer with experience building dynamic applications using JavaScript, React, HTML, and CSS. Skilled in API integration, DOM manipulation, and developing practical solutions such as browser extensions. Passionate about modern web development and creating clean, user-friendly interfaces.

WORK EXPERIENCE

Web Developer | Freelance

Aug 2026 - Aug 2026

Plastrone India Engineering Solutions LLP

Remote • Ranchi, Jharkhand

- Built 5+ responsive UI templates with React and Tailwind CSS.
- Implemented React Router and state management for seamless SPAs.

Technologies / Skills Used : *React, Tailwind CSS, Javascript*

PROJECTS

CopyIt |  Github  Website

Jul 2026 - Jul 2026

Individual project

- Built a full-stack Code Snippet Vault using React, TypeScript, Tailwind CSS, Node.js, Express, and MongoDB with JWT authentication.
- Developed REST APIs for snippet CRUD, favorites, search, and ownership-based access control.
- Implemented public snippet sharing, responsive UI, and production deployment using Vercel, Render, and MongoDB Atlas.

Technologies / Tools Used : *React, Tailwind CSS, JavaScript, Node.js, Express, MongoDB, JWT*

Rhythmify |  Github  Website

Jun 2026 - Jun 2026

Individual project

- Developed Rhythmify, a React-based music player integrating the YouTube Data API to search and stream songs through a custom playback interface.
- Built custom media controls with play/pause, seek, keyboard shortcuts, and real-time progress tracking in a responsive UI across 3+ screen sizes.

Technologies / Tools Used : *React, Tailwind CSS, JavaScript*

YouTube Study Mode (Chrome Extension) |  Github

May 2026 - May 2026

Individual project

- Built a Chrome extension that blocks 4+ major distracting elements on YouTube using DOM manipulation and CSS.
- Used content scripts and CSS to dynamically modify the DOM and maintain focus mode across navigation.

Technologies / Tools Used : *JavaScript, HTML, CSS, Chrome Extensions API*
